

Know YOUR voting rights!

Concerned about voting in November? Want to ensure that your vote is accurately cast and counted? Want to help Get Out The Vote or work as an election protection volunteer? If so, please join us for a community meeting in Greenville, Columbia or Charleston.

A panel of national voting rights experts and local voting rights advocates will discuss the issues and answer questions from the audience. Topics will include voter intimidation, student voting, provisional ballots, how to vote if you have a disability, and the voting rights of people with past criminal convictions.

The forums are free and open to the public.

This event is sponsored by the South Carolina Progressive Network, the ACLU National Voting Rights Project, and other local and state organizations.
