

People's \$timulu\$ Rally

April 1, 5:30 - 6:30pm

State House, Columbia

Gov. Mark Sanford is refusing to take \$700 million in stimulus money that South Carolinians will have to pay for even if we don't use.

Tell the governor to quit grandstanding at our expense!

If the governor does not sign the stimulus agreement by April 3, SC will have to lay off thousands of teachers, public safety employees and increase tuition at our colleges and universities.

Join teachers, public workers and students who are facing cutbacks, layoffs and increasing debts to tell Sanford:

Governor, it's OUR money!

Instead of pouring our money into bailing out wealthy bankers, we need government investments that create new jobs, provide health care and quality education for all, end the foreclosure epidemic and support sustainable, clean energy.
